

Regional Connect – Project H.E.A.T

Submission Response Document

Fill in this form as your submission to the challenge. You are welcome to use additional forms/ areas of information, should it be applicable to your submission.

GENERAL INFORMATION

Challenge Sector of Submission	
Problem Area Solving For	
Location of solution to be implemented	
Submission/ Project Name	
Company Name (Pvt If Submitting Privately)	
Email Address	
Cell Number	
Project Members Names and email addresses	
Location of Team members	

a. TEAM OVERVIEW

a. Skill sets and tool proficiencies

Skills, strengths and knowledge the team has that will contribute to the successful execution of the proposed project.

b. Previous projects

Experience in related fields regarding relevant/ adjacent industries

c. Team technical and domain expertise

- *Qualifications / level of schooling*

- *Other entrepreneurial experience*
- *Skills the team would like to learn overall to ensure the success of their project as a business (This will be used to develop tailored content for your team, should you be a winner of the challenge)*

b. TEAM MOTIVATION TO WIN THE CHALLENGE

Write a short motivation (approx. 100words) on why your team deserves to win the challenge, and if you do, how you would use the resources given in the programme to take your project to the next level.

THE SUBMISSION INFORMATION

- The context of the problem you are trying to solve – location, current events, the importance of solving it.**
- What your solution is**

Describe your solution in as much detail as possible, including:

- *Purpose of your proposal*
- *How it works*
- *Resources needed for project to work; including relevant costing and partners*
- *The sustainable development goal/s your solution contributes to, and how*
- *Possible time-lines*
- *Targeted industries*
- *End users / beneficiaries of the solution*
- *Income for the solution*
- *How the solution is sustainable*

c. Where in the start-up lifecycle is your solution?

Are you a start-up, or established business.

d. What makes it innovative?

How was innovation used to create or optimise this proposal? What makes this idea better than others, and how does the team plan to ensure it remains relevant post implementation.

e. Anticipated end results of your solution

How the project participants see the outputs, outcomes and impact of the project post implementation. List all possible positive and negative impacts; along with strategies to counter any negative effects, should their be any.

f. Your view on the judging of your project

CRITERIA	DESCRIPTION	Your score (1-5)
Solution answers the challenge brief question	Solution is relevant to at least one of the chosen problem areas, and ultimately works towards enhancing the selected industry. Challenge/s solved for must be stipulated in submission	
Contribution to Sustainable Development Goals (SDGs)	Does the solution satisfy at least one SDG goal based on the UN's outcomes. Should it be a different goal to what is stipulated in the brief, it must be motivated.	
Ease and sustainability of implementation, with all possible impacts considered	An implementation strategy must be included, with sustainability and ease of the strategy noted. All potential positive and negative impacts of implementation must also be considered	
Feasibility of solution	The solution is physically possible within it's environment, with no additional R&D required to ensure the success of implementation	
Viability of solution	The solution can be used in a business model, and can be profitable.	
Team capability and intent	The team is passionate and dedicated to the solution; and are able to solve problems effectively	

g. What external resources or expertise do you feel is needed to ensure your solution can be created into a sustainable, high impact business?

h. What would you take part in to take your business/ idea to the next level? Choose up to 3

- Training
- Incubation
- Business support
- Technological research support

i. Supporting documents

These are optional, should you want to include images/ sketches/ studies/ business cases or other documents in your proposal.
